The following means are available for placing bids:

- 1) Attending the Live Auction in Person:** All bidders must register for a paddle, and new bidders must provide references at least three business days in advance of the sale.
- 2) Live Internet Bidding:** Instructions for participating as a Live Internet Bidder are provided on the page opposite.
- 3) Phone Bidding:** Bidders can be connected to the sale by phone and bid through a member of staff. Requests for phone bidding are subject to approval (please contact our office at least 24 hours before the sale). A signed Bid Form is required.
- 4) Absentee Bids.** All bids received in advance of the sale, either by mail, fax, phone, e-mail or internet, are Absentee Bids, which instruct the auctioneer to bid up to a specific amount on one or more lots in the sale. Absentee Bids sent by phone, fax or e-mail should arrive at least one hour prior to the start of the sale session. Bids entered through Live Internet Bidding will be visible to the auctioneer during the sale. Written bids should be entered legibly on the Bid Form in the sale catalogue. E-mail and internet bids should be carefully typed and double-checked. All new bidders must provide references. We recommend calling or e-mailing to confirm that Absentee Bids sent by mail, fax or e-mail have been received and entered.

### Pre-Sale Viewing

Subject to availability, certain lots (except group lots) can be sent to known clients for examination. Requests must be made no later than 7 days prior to the sale. Lots must be returned on the day received. Postage/insurance costs will be invoiced.

In addition to regular viewing, clients may view lots by appointment. Our staff will be pleased to answer questions or provide additional information about lots.

### Expert Certification

Individual items offered without a PF or PSE certificate dated within the past five years may be purchased subject to independent certification of genuineness and our description. **Please refer to the Conditions of Sale and Grading Terms for policies governing certification.**

### Shipping and Delivery

Procedures and charges for shipping lots are printed on the back of the Bid Form. **Bidders are responsible for all prescribed shipping charges and any applicable sales tax or customs duties.**

### Price Realized

Prices realized are sent with each invoice. Bidders with e-mail will receive a Bid Results report after the sale. Session results are posted immediately to [siegelauctions.com](http://siegelauctions.com)

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.  
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.  
And it's easy.

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

Start by following the simple steps to become a registered Live Internet Bidder.  
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

### Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

- After you click on a bid amount, the auctioneer is immediately notified of your bid.
- Retracting a bid is usually not acceptable, so please bid carefully.
- If you bid and then decide to stop, the "Pass" button will tell the auctioneer you are no longer bidding.
- You can send messages to the auctioneer (for example, a request for extension).
- You can track prior realizations from the bidding screen.

"System Down" or "Lost Connection" events do occasionally happen.

If you have any problems with Live Internet Bidding please call 212-753-6421 for immediate assistance.

## Conditions of Sale (please read carefully before bidding)

The property described in this catalogue will be offered at public auction by Robert A. Siegel Auction Galleries, Inc. ("Galleries") on behalf of various consignors and itself or affiliated companies. By bidding on any lot, whether directly or by or through an agent, in person, or by telephone, facsimile or any other means, the bidder acknowledges and agrees to all of the following Conditions of Sale.

1. The highest bidder acknowledged by the auctioneer shall be the buyer. The term "final bid" means the last bid acknowledged by the auctioneer, which is normally the highest bid offered. **The purchase price payable by the buyer will be the sum of the final bid and a commission of 15% of the final bid ("buyer's premium"), together with any sales tax, use tax or customs duties due on the sale.**
2. The auctioneer has the right to reject any bid, to advance the bidding at his discretion and, in the event of a dispute between bidders, to determine the successful bidder, to continue the bidding or to reoffer and resell the lot in dispute. The Galleries' record of the final sale shall be conclusive.
3. All bids are per numbered lot in the catalogue unless otherwise announced by the auctioneer at the time of sale. The right is reserved to group two or more lots, to withdraw any lot or lots from the sale, or to act on behalf of the seller. The Galleries will execute bidding instructions on behalf of clients, but will not be responsible for the failure to execute such bids or for any errors in the execution of such bids.
4. **Lots with numbers followed by the symbol ° are offered subject to a confidential minimum bid ("reserve"), below which the lot will not be sold. The absence of the symbol ° means that the lot is offered without a reserve. If there is no reserve, the auctioneer has sole discretion to establish a minimum opening bid and may refuse an offer of less than half of the published estimate. Any lot that does not reach its reserve or opening bid requested by the auctioneer will be announced as "passed" and excluded from the prices realized lists after the sale. The Galleries may have a direct or indirect ownership interest in any or all lots in the sale resulting from an advance of monies or goods-in-trade or a guarantee of minimum net proceeds made by the Galleries to the seller.**
5. Subject to the exclusions listed in 5(A), the Galleries will accept the return of lots which have been misidentified or which have obvious faults that were present when the lot was in the Galleries' custody, but not so noted in the lot description. **All disputed lots must be received by the Galleries intact with the original packing material within 5 days of delivery to the buyer but no later than 30 days from the sale date. (5A) EXCLUSIONS: The following lots may not be returned for any reason: lots containing 10 or more items; lots from buyers who registered for the pre-sale exhibition or received lots by postal viewing, thereby having had the opportunity to inspect them before the sale; any lot described with "faults," "defects" or a specific fault may not be returned because of any secondary fault. Photographed lots may not be returned because of centering, margins, short/nibbed perforations or other factors shown in the illustrations. Lots may not be returned for any of the following reasons: the color of the item does not match the color reproduction in the sale catalogue or website listing; the description contains inaccurate information about the quantity known or reported; or a certification service grades a stamp lower than the grade stated in the description.**
6. Successful bidders, unless they have established credit with the Galleries prior to the sale, must make payment in full before the lots will be delivered. Buyers not known to the Galleries must make payment in full within 3 days from the date of sale. **The Galleries retains the right to demand a cash deposit from anyone prior to bidder registration and/or to demand payment at the time the lot is knocked down to the highest bidder, for any reason whatsoever.** In the event that any buyer refuses or fails to make payment in cash

for any lot at the time it is knocked down to him, the auctioneer reserves the right to reoffer the lot immediately for sale to the highest bidder. **Credit cards are not accepted as payment.**

7. If the purchase price has not been paid within the time limit specified above, nor lots taken up within 7 days from the date of sale, the lots will be resold by whatever means deemed appropriate by the Galleries, and any loss incurred from resale will be charged to the defaulting buyer. Any account more than 30 days in arrears will be subject to a late payment charge of 1½% per month as long as the account remains in arrears. Any expenses incurred in securing payment from delinquent accounts will be charged to the defaulter. A fee of \$250.00 per check will be charged for each check returned for insufficient funds.
8. All lots are sold as genuine. **Any lot accompanied by a certificate issued by The Philatelic Foundation or by Professional Stamp Experts within 5 years of the sale date is sold "as is" and in accordance with the description on the certificate. Such lots may not be returned for any reason, including but not limited to a contrary certificate of opinion.** Buyers who wish to obtain a certificate for any item that does not have a P.F. or P.S.E. certificate (dated as above) may do so, provided that the following conditions are met: (1) the purchase price must be paid in full, (2) the item must be submitted to an acceptable expertizing committee with a properly executed application form within 21 days of the sale, (3) a copy of the application form must be given to the Galleries, (4) in the event that an adverse opinion is received, the Galleries retain the right to resubmit the item on the buyer's behalf for reconsideration, without time limit or other restrictions, (5) unless written notification to the contrary is received, items submitted for certification will be considered cleared 90 days from the date of sale, and (6) in the event any item is determined to be "not as described", the buyer will be refunded the purchase price and the certification fee up to \$600.00 unless otherwise agreed.
9. Until paid for in full, all lots remain the property of the Galleries on behalf of the seller.
10. Agents executing bids on behalf of clients will be held responsible for all purchases made on behalf of clients unless otherwise arranged prior to the sale.
11. The buyer assumes all risk for delivery of purchased lots and agrees to pay for prescribed shipping costs. Buyers outside the U.S. are responsible for all customs duties.
12. **The bidder consents that any action or proceeding against it may be commenced and maintained in any court within the State of New York or in the United States District Court for the Southern District of New York, that the courts of the State of New York and United States District Court for the Southern District of New York shall have jurisdiction with respect to the subject matter hereof and the person of the bidder. The bidder agrees not to assert any defense to any action or proceeding initiated by Galleries based upon improper venue or inconvenient forum. The bidder agrees that any action brought by the bidder shall be commenced and maintained only in a Federal Court in the United States District Court for the Southern District of New York or the State Court in the county in which Galleries has its principal place of business in New York. These Terms and Conditions shall be governed by and construed in accordance with the substantive laws of the State of New York.**

# Grades, Abbreviations and Values Used in Descriptions

## Grades and Centering

Our descriptions contain detailed information and observations about each item's condition. We have also assigned grades to stamps and covers, which reflect our subjective assessment. For stamps, the margin width, centering and gum are described and graded according to generally-accepted standards (an approximate correlation to numeric grades is provided at right). Although we believe our grades are accurate, they are not always exactly aligned with third-party grading terms or standards for all issues. **A lot may not be returned because a certification service grades a stamp lower than the grade stated in the description. Information from the P.S.E. Stamp Market Quarterly and P.S.E. Population Report<sup>SM</sup> is the most current available, but lots may not be returned due to errors or changes in statistics or data.**

**Extremely Fine Gem (90-100):** The term "Gem" describes condition that is the finest possible for the issue. This term is equivalent to "Superb" used by grading services.

**Extremely Fine (80-90):** Exceptionally large/wide margins or near perfect centering.

**Very Fine (70-85):** Normal-size margins for the issue and well-centered with the design a bit closer to one side. "Very Fine and choice" applies to stamps that have desirable traits such as rich color, sharp impression, freshness or clarity of cancel.

**Fine (60-70):** Smaller than usual margins or noticeably off center. Pre-1890 issues may have the design touched in places.

**Very Good (below 60):** Attractive appearance, but margins or perforations cut into the design.

## Guide to Gum Condition

Gum Categories:	MINT N.H.	ORIGINAL GUM (O.G.)				NO GUM

Catalogue Symbol:	★★	★	★	★	★	(★)
PRE-1890 ISSUES	<i>Pre-1890 stamps in these categories trade at a premium over Scott value</i>			Scott Value for "O.G."		Scott "No Gum" Values thru No. 218
1890-1935 ISSUES	Scott "Never Hinged" Values for Nos. 219-771	Scott Value for "O.G." (Actual value will be affected by the degree of hinging)		<b>Disturbed Original Gum:</b> Gum showing noticeable effects of humidity, climate or hinging over more than half of the gum. The significance of gum disturbance in valuing a stamp in any of the Original Gum categories depends on the degree of disturbance, the rarity and normal gum condition of the issue and other variables affecting quality. For example, stamps issued in tropical climates are expected to have some gum disturbance due to humidity, and such condition is not considered a negative factor in pricing.

## Covers

Minor nicks, short edge tears, flap tears and slight reduction at one side are normal conditions for 19th century envelopes. Folded letters should be expected to have at least one file fold. Light cleaning of covers and small mends along the edges are accepted forms of conservation. Unusual covers may have a common stamp with a slight crease or tiny tear. **These flaws exist in virtually all 19th century covers and are not always described. They are not grounds for return.**

## Catalogue Values and Estimates

Unless otherwise noted, the currently available *Scott Catalogue* values are quoted in dollars with a decimal point. Other catalogues are often used for foreign countries or specialized areas and are referred to by their common name: *Stanley Gibbons* (SG), *Dietz*, *American Air Mail Catalogue* (AAMC), *Michel*, *Zumstein*, *Facit*, etc. Estimates are indicated with an "E." and reflect our conservative valuation in dollars. Reserves will never exceed the low end of the estimate range; they will sometimes exceed Scott Catalogue value for stamps in Extremely Fine condition.

Because of certain pricing inconsistencies in the *Scott Catalogue*—for example, blocks that have no gum, the absence of premiums for Mint N.H. items, etc.—we cannot guarantee the accuracy of values quoted for multiples, specialized items and collection lots. We generally try to be conservative, but buyers may not return a lot because of a discrepancy in catalogue value due to Scott pricing inconsistencies.

FINE APPEARANCE. POSITION 7R1E — THE SEVENTH STAMP IN THE RIGHT PANE OF PLATE ONE EARLY — IS THE ONLY ONE OF THE 1,000 POSITIONS USED TO PRINT IMPERFORATE ONE-CENT STAMPS THAT SHOWS THE COMPLETE DESIGN (TYPE I). A GREAT RARITY.

The published census compiled by Jerome S. Wagshal contains at least 98 unduplicated records of Scott 5. There are probably no more than ten examples existing outside of the Wagshal census population. FINE APPEARING EXAMPLE OF THE SCARCE 3-CENT SCARLET TRIAL PRINTING.

As has been documented by Jerome S. Wagshal in a series of *Chronicle* articles (Nos. 56, 60, 61 and 62), Carl F. Rothfuchs, a Washington D.C. stamp dealer, obtained a supply of the 3c Scarlet in 1893 — probably from the Post Office Department in exchange for his assistance with the Columbian Exposition — and sold them with pen marks and original gum.

VERY FINE AND CHOICE. AN EXCEEDINGLY RARE EXAMPLE OF THE 5-CENT RED BROWN 1862 ISSUE CANCELLED IN GREEN.

It is not widely known that the late Marc Haas, who amassed one of the largest and most valuable U.S. cover collections of all time, also collected classic U.S. stamps in superb used condition. His collection was offered under the title "Distinguished Connoisseur" in our Sale 418, and we frequently refer to that sale catalogue to see what exists. Haas also had a penchant for green cancels, and, if he were able to obtain a green cancel on any of the 5c 1861 shades, it would have been in that sale. Not only is an example missing from the Haas sale, it is also missing from the Rohloff, Grunin and Klein sales, all of which had a significant number of 5c 1861-63 Issues.

- The 3c Z Grill was in production for only a short period of time before the device was replaced with the F Grill. EXTREMELY FINE GEM. A SUPERB ORIGINAL-GUM EXAMPLE OF THE 1868 12-CENT F GRILL. AN EXTRAORDINARY STAMP AND CERTAINLY AMONG THE FINEST IN EXISTENCE. THIS STAMP HAS BEEN AWARDED THE GRADE OF XF-SUPERB 95 BY P.S.E., WHICH IS THE HIGHEST GRADE AWARDED TO DATE.

We acknowledge the past existence of original-gum 12c F Grill multiples, which in recent years have been broken to furnish choice singles. However, the quality of this particular stamp — its centering and margins, shade and overall freshness — qualify it as one of the finest in existence.

EXTREMELY FINE. THE 1868 24-CENT F GRILL IS NOTORIOUS FOR POOR QUALITY. THIS SUPERB USED EXAMPLE WITH A FACE-FREE CANCELLATION IS ONE OF THE FINEST WE HAVE EVER ENCOUNTERED.

The higher-denomination F Grills were produced in limited quantities and seem to have caused National Bank Note Co. difficulty in applying perforations. They are typically off center with very choppy perfs. This stamp has uncharacteristically precise centering and well-formed perforations.

EXTREMELY FINE. AN OUTSTANDING CHOICE USED EXAMPLE OF THE 1868 90-CENT F GRILL WITH AN UNUSUAL FANCY CANCELLATION.

The 90c stamps used to make grilled issues were printed on a thick stock of paper. It is likely that sheets remaining from the pre-grill period were used and that the thinner paper introduced in 1868 had not been used for the 90c value. Two characteristics of 90c F Grill stamps are poorly punched perforations and generally bad centering. This stamp is a remarkable exception. The perfs are much better formed than usual (although they show the genuine characteristics) and the centering is far superior to the average. In this stamp there is also the added feature of a striking Sawtooth Circle fancy cancel.

EXTREMELY FINE GEM. THIS OUTSTANDING USED EXAMPLE OF THE 2-CENT BLACK JACK RE-ISSUE HAS BEEN GRADED XF 90 BY P.S.E. WHICH IS THE HIGHEST GRADE AWARDED TO DATE. ONLY 24 USED EXAMPLES ARE CONTAINED IN OUR CENSUS AND THE EXAMPLE OFFERED HERE IS UNQUESTIONABLY ONE OF THE FINEST EXTANT.

Our unpublished census of Scott 103 used contains 24 copies, with approximately 13 that are sound. However, of these only five or six have centering we would consider Very Fine, and perhaps a couple others could be considered Extremely Fine, including the ex Zoellner copy and the blue target cancel copy which is ex Morris, Twigg-Smith and Tahoe (and has a small corner crease). Several of the possibly sound examples have not been examined in decades and may in fact not be sound. The example offered here, with wide balanced margins and a relatively light cancel, is a true condition rarity and arguably the finest example known. In fact, we believe the P.S.E. should have graded this stamp XF-Superb 95, but used 1861-66 Re-Issues are frequently penalized by the P.S.E. for having hallmark genuine duplex or oval cancellations.

With 2005 P.F. and 2011 P.S.E. certificates (XF 90; SMQ \$48,000.00). This is the highest grade awarded to date to a used example and the only example to achieve this grade. The next highest grade is VF 80. .... 10,000.00

## NEWLY-DISCOVERED I GRILL RARITIES

At least two sizes of grills were used by the National Bank Note Company for the 1870 Issue. They are identified in Scott Catalogue by a notation prior to Scott 134, which assigns them the letters H and I. However, to date they have not been separately catalogued, as have the different grills used in 1867 and 1868 (A, B, C, D, Z, E and F Grills). The G Grill was used on the 1869 Pictorial Issue.

The H Grill is larger than the I Grill, measuring approximately 11-13 points wide by 14-16 points tall when the full dimensions are visible. It is found on all values from the 1c thru the 90c. The I Grill measures from 9-11 points wide by 10-13 points tall. It is often a stronger grill impression (though many times incomplete). Students also distinguish between early and late states of the grilling device. The sizes of the grills remained the same in both states, but the characteristics of the grill points changed in different ways as the device wore away. The early state I Grill, as on the stamps offered here, has a very distinct shape to the grill points.

In 2004 we started to distinguish between the H and I Grills in our catalogue descriptions and research, in an effort to establish relative scarcity. The 1c thru 7c makes up the bulk of the population of the I Grill, but it is also known on the 10c (approximately a dozen used known), 12c (one certified unused copy offered here and another unused example reported by Ron Burns), 15c (3 unused and 11 used known) and the 90c (3 used known). The recently-discovered 30c I Grill — the listing copy — is offered in lot 1372 and fills in a gap, leaving only the 24c value to be discovered with the I Grill.

If the Scott Catalogue editors were to be consistent in their listing policy of grills across all issues, then they would separate the H and I Grills into major catalogue numbers, as they do for the 1867-68 Grilled Issue. If this were to occur, then the rare Bank Note I Grills would take their place alongside other grilled-stamp rarities such as Nos. 80, 81, 82, 85A, 85D and 85F.

Stamps from at least two panes reached collectors, and the few cancelled examples indicate that stamps used by the public came from additional panes. It is likely that a number of full sheets were printed using the wrong ink, and most of the stamps have simply been lost to philately.

EXTREMELY FINE GEM. THIS SUPERB MINT NEVER-HINGED EXAMPLE OF THE 50-CENT COLUMBIAN IS, IN OUR OPINION, THE FINEST EXTANT. A STAMP WITH TREMENDOUS VISUAL APPEAL.

While we have long been a supporter of numerical grading and often quote P.S.E. Population Report statistics, there are certain stamps that defy numerical grading. This sheet-margin example of the 50c Columbian is such a stamp. The conservative grade of XF 90 Jumbo assigned to this magnificent gem is a prime example of the limitation of numerical grading when applied to sheet-margin stamps. We have offered 50c Columbians in grades of 95 and 98, but, in our opinion, none of those exceeds the beauty of this stamp.

EXTREMELY FINE GEM. A SPECTACULAR MINT NEVER-HINGED EXAMPLE OF THE \$1.00 TRANS-MISSISSIPPI ISSUE, WIDELY REGARDED AS THE MOST BEAUTIFUL UNITED STATES COMMEMORATIVE STAMP EVER ISSUED.

The \$1.00 Trans-Mississippi's long-time popularity with collectors led to hinging of the vast majority of singles. Although blocks have been broken over the years to supply Mint N.H. singles, it seems that grading is always a compromise between perfect centering and margin width. EXTREMELY FINE APPEARANCE. A WONDERFULLY WELL-CENTERED AND FRESH EXAMPLE OF THE 2-CENT PAN-AMERICAN INVERT. ONE OF THE MOST CELEBRATED INVERT ERRORS IN AMERICAN PHILATELY.

The 2c is the rarest of the three Pan-American Inverts. It is surmised that approximately 200 were issued through the post office, with two distinct shades known. Our Levi records contain the intact block (4), reconstructed block (4), 64 unused singles and 6 used singles, for a total of 72 unused and 6 used. Many of the unused singles have disturbed gum or no gum, and/or are off center to top or top left. This Extremely Fine centered stamp with a tiny perf tip thin is among the finest-appearing examples.

1710 ★ **4c Pan-American, Center Inverted (296a).** Disturbed original gum, rich colors, well-balanced margins, thin spot at center

VERY FINE APPEARING EXAMPLE OF THE 4-CENT PAN-AMERICAN INVERT.

The 4c stamp portrays an electric automobile, known at the time as the “Electric Vehicle Service,” as depicted on the Baltimore & Ohio Railroad brochure from which the engraving was made. In the background one can see the dome of the Capitol. The two men depicted in the front seat are both chauffeurs. The man in the passenger compartment is Samuel P. Hege, so this stamp actually depicts a living person in violation of the law.

The 4c Pan-American Invert was a special printing and not regularly issued. Examples were distributed through two official channels, and the gum on the majority of stamps without “Specimen” overprint was disturbed. In fact, because the stamps were removed from mounting paper, they are generally thinned or have seriously disturbed gum.

FINE EXAMPLE OF THE 4-CENT PAN-AMERICAN INVERT WITH SPECIMEN OVERPRINT.

If the reported numbers are correct, a total of 203 4c Inverts was released, both with and without the overprint. An unknown quantity of the 4c Pan-American invert was overprinted with a small “Specimen” overprint. Some examples, both with and without the overprint, were given away by Third Asst. Postmaster General Edwin C. Madden. When postal authorities learned of the practice, they destroyed 194 copies and put one pane of 100 into the official archives. At a later date, 97 of these were traded for rarities missing from the archives.

1843 **3c Deep Violet, Orangeburg Coil (389)**. Deep rich color and sharp proof-like impression, neat strike of wavy-line machine cancel, two light creases

FINE APPEARING EXAMPLE OF THE RARE 3-CENT ORANGEBURG COIL.

The Orangeburg coil was made by the Post Office Department in 1911, specifically for use by the Bell Pharmaceutical Company. The 3c coil stamps were used to send samples of their products to physicians. Due to the quantity of mail, they were put through the first-class cancelling machine at Orangeburg, New York. The Orangeburg coil stamps' use on third-class mail, and the fact that philatelists were generally unaware of their production accounts for their rarity. Many have small faults such as corner creases or small tears.

1857

FRESH AND FINE EXAMPLE OF THE 2-CENT PANAMA-PACIFIC IN THE RARE LAKE SHADE. THIS IS ONLY THE SECOND WE HAVE OFFERED SINCE KEEPING COMPUTERIZED RECORDS.

According to Johl, "there is one shade that is practically as scarce as the four-cent Blue of the Columbian issue, this is known as Lake, almost the same color as were the Postage Due stamps current at that time. Only one pane of 70 is said to have been found at a Post Office in San Francisco, although it hardly seems possible that but one sheet could have been printed in this dark color. When these were discovered there were only 40 copies left; 31 were purchased by A.L., an old-time collector, and 9 by a local dealer."

EXTREMELY FINE GEM. THIS COLOSSAL MINT NEVER-HINGED EXAMPLE OF THE 1911 SERIES SPECIAL DELIVERY STAMP, SCOTT E8, HAS BEEN AWARDED THE ULTIMATE GRADE OF GEM 100 JUMBO BY P.S.E. — THIS STANDS ALONE AS THE HIGHEST GRADE AWARDED TO DATE.

The first “Messenger on Bicycle” Special Delivery design was the 1902 double-line watermarked Scott E6. In 1908 the “Helmut of Mercury” Special Delivery stamp was issued. However, the Messenger on Bicycle design was re-issued in 1911 from new plates with a single-line watermark, and the same basic design was issued continuously until the Motorcycle Delivery design replaced it in 1922.

Scott E8 is not particularly scarce (it has a Scott value of \$240.00 in Mint N.H. condition), but to find an example such as this one defies the odds. At first glance it almost strikes one as a perforated small die proof. The P.S.E. Population Report statistics support this statement, as does a review of Power Search and older auction catalogs, which failed to find its equal

EXTREMELY FINE GEM. PROBABLY THE FINEST EXAMPLE OF THE RARE 6-CENT 1894 UNWATER-MARKED NEWSPAPER STAMP IN EXISTENCE.

In our opinion, the catalogue value for this stamp is not commensurate with its rarity. There was only one printing of the 6c of this series, and only 9,705 stamps were issued. The following statistics for other rare values of the set proves our point: 36c (PR97)—9,935 issued—cat. \$50,000; 96c (PR99)—7,827 issued—cat. \$52,500; \$3.00 (PR100)—9,215 issued—cat. \$60,000; \$6.00 (PR101)—5,250 issued—cat. \$60,000. In comparison, the 6c, with just 9,705 issued, has a catalogue value of only \$3,750.

C. Perry at Ancon, receiving backstamp of the following day
- VERY FINE. ONE OF ONLY TWO RECORDED EXAMPLES OF THE 8-CENT ON 50-CENT SURCHARGE USED ON COVER. A PHENOMENAL RARITY.
- According to the book *Canal Zone Stamps* only 500 of Scott No. 15 were issued, making it one of the rarest Canal Zone stamps. Of these, only seven used copies are recorded. At the time of the book's publication (1986) only one cover bearing this issue was recorded. That cover (ex Plass) bears two 2c stamps (No. 11) and was also used to Ancon on the same day as the example offered here, though to a different recipient. The description of the other cover in the 1993 Plass sale noted the existence of this second cover, narrowing down its discovery date.

VERY FINE. A RARE AND DESIRABLE BLOCK OF FOUR OF THE 8-CENT ON 50-CENT CANAL ZONE NO. 15 WITH THE TOP LEFT STAMP SHOWING "PANAMA" READING BOTH DOWN AND UP.

According to *Canal Zone Stamps*, this variety comes from Positions 1 and 51. Either eight or ten were printed. Eight are known. We have only offered one other since keeping computerized records (ex Plass and Drucker) which was a single. The example offered here, in a block, is a wonderful exhibition piece.

# Certificates at a Special Price...

PF 494993 – The stamp did not originate on this cover and the tying cancellation is counterfeit.

## \$20 for Covers Valued\* at \$500 or Less

It's a fact of life – all postal history should be certified. A tying cancel doesn't guarantee a cover is genuine. The PF has the references and knowledge to detect fake cancels. Plus a cover with a certificate sells for a higher price because it has been examined by experts. So isn't it time for you to get your cover collection certified?

Let the experts at the Philatelic Foundation get you started by expertizing your lower priced covers for half price. That means you can have the "Gold Standard" in certifications for your covers valued at \$500 or less for just \$20.

For higher valued covers the certification cost is 5% of the value with a minimum fee of \$40 and a maximum fee of \$650 – a fair price to pay for peace of mind. We also do "Free" franks as well.

### Submit Your Stamps and Covers Today for a PF Certificate

Call 1-212-221-6555 or visit [www.PhilatelicFoundation.org](http://www.PhilatelicFoundation.org) today to download a submission form. Fill out the one-page form and send it to us with your stamp or cover.

# Live Internet Bidding at Siegel Auctions

## BIDDING FROM YOUR COMPUTER LETS YOU BE PART OF THE LIVE AUCTION FROM ANYWHERE IN THE WORLD!

There's **NO SUBSTITUTE** for following the auction in real time.  
Live Internet Bidding lets you bid and buy as though you were right there in the saleroom.  
And it's easy.

**This step-by-step guide will instruct you how to register, set your browser and use the bidding interface.**

Start by following the simple steps to become a registered Live Internet Bidder.  
Once you've been approved for bidding, you can listen to the auction and place bids with the click of a mouse.

### Registering with **STAMP AUCTION NETWORK & SIEGEL AUCTION GALLERIES**

Live Internet Bidding is managed by Stamp Auction Network (SAN).  
To bid, you must be registered and approved by *both* SAN and Siegel.  
To decide what you need to do, choose the description below that best fits you.

I've already registered with SAN and have been approved by Siegel for internet bidding.

I'm a Siegel client, but I'm not registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form, indicating you are a Siegel client. Once registered at SAN, you're ready for internet bidding.

I've bid through SAN before, but this is the first time I've bid in a Siegel sale.

Then you just need to be approved by Siegel. Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Update Registration" at the top. Your SAN account information will be sent to us for approval (you might be asked for other trade references). Once approved by Siegel for bidding, you're ready for internet bidding.

I've never bid with Siegel, nor registered with SAN.

Go to [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel) and click on "Register" at the top. Check the box for Robert A. Siegel Auction Galleries (under "R") and submit the form **with your trade references** (please, no family members or credit card companies as references). Once registered at SAN and approved by Siegel for bidding, you're ready for internet bidding.

Live Internet Bidding works by allowing registered bidders to observe and place bids.

Live Internet Bidding will work with any browser on both PC and Mac operating systems.

Before bidding by internet for the first time, we recommend finding a sale in progress and listening to the public broadcast or logging in as a registered bidder. This will help you develop a feel for the sale tempo and bidding interface.

### Log on to the auction at [stampauctionnetwork.com/siegel](http://stampauctionnetwork.com/siegel).

You can also log on at [siegelauctions.com](http://siegelauctions.com)

When you're logged on as a Live Internet Bidder, the bidding interface shows a photo and description of the lot, the current bid (and your bidding status), options for placing competitive bids and buttons with bid increments.

### Shipping and Transit Insurance

We will be pleased to arrange for shipping and transit insurance for purchases in this sale (except those described as “floor sale only”). To expedite billing and delivery of lots to hundreds of buyers per sale, we use standard charges for postage and insurance, based on the package weight and mailing requirements (see schedule). The standard charges are sometimes slightly more or less than the actual postage or Fedex fees, but we do not include any charge for our labor or packing costs. Therefore, we ask all buyers to remit the prescribed amount for shipping charges.

Transit insurance is provided in all cases, except when the buyer has furnished us with proof that insurance coverage is effective under another policy. Proof, in such cases, will be accepted in the form of a written certificate from the insurance carrier.

You are responsible for insurance charges, which will be added to your invoice. This coverage is provided for our mutual protection against theft or loss in transit.

### Bidding Increments

The auctioneer may regulate the bidding at his discretion. However, to assist absentee bidders in establishing their maximum bid for each lot, the increments shown at right will be used in most cases. We recommend that written bids conform to these increments (those which do not will be reduced to the next level).

### REVISED CHARGES FOR SHIPPING EFFECTIVE SEPTEMBER 1, 2010
